

German Neutron Scattering Conference 2008

Komitee Forschung mit Neutronen
in cooperation with
Fachausschuß NESY, Physik an Neutronen- und Synchrotronstrahlungsquellen
der Österreichischen Physikalischen Gesellschaft

Garching 15.-17. 09. 2008
Technische Universität München

We kindly invite you to join the 8. German Neutron Scattering Conference which will take place from the 15.-17. September 2008 at the Technische Universität München in Garching. Starting in the year 1995, the first conference took place in Lüneburg, followed by Kloster Seeon in 1997 (in collaboration with the synchrotron conference), 1999 in Potsdam, 2001 in Jülich, 2002 in Bonn, 2004 in Dresden and at last 2006 in Hamburg (together with synchrotron and ions). Every two years, in between the 2 large european (ECNS) and international (ICNS) neutron scattering conferences, the German neutron scattering conference provides the opportunity to present topical research with neutrons and to gather information about state-of-the-art instruments and methodical developments. Mini-symposia will focus on emerging topics in research using neutrons. General topics will include magnetism, dynamics, soft matter, biology, structure research, geo-science, particle physics, engineering materials science and others. Special intention will be given to contributions dealing with instrument development as well as the development of new methods.

The main language of the conference is English, contributions in German are, however, welcome. The abstracts should be submitted in English.

Venue

The German Neutron Scattering Conference 2008 will take place at the physics department of the Technischen Universität München, James-Franck-Str. 1, D-85748 Garching. Besides the plenary talks, oral presentations will be distributed in two parallel sessions in the lecture halls HS1 and HS2. The accompanying poster sessions will take place in the foyer between the lecture halls.

The physics department can be reached conveniently by public transport using the under-ground line U6, terminal stop Garching-Forschungsgelände. Traveling by car, please use the exit Garching-Nord from the motor way A9, Munich in direction to Nürnberg.

Program committee

Prof. Dr. Thomas Brückel, FZ-Jülich
Prof. Dr. Gerhard Krexner, Universität Wien
Prof. Dr. Winfried Petry, Technische Universität München
Prof. Dr. Helmut Schober, ILL Grenoble
Prof. Dr. Hartmut Zabel, Ruhr-Universität Bochum

Deadlines and registration

The conference will take place from 15.-17. September 2008. The talks will start on Monday 15. September 9:30 and will end on Wednesday 17. September 12:00. A welcome evening will be organised on Sunday 14. September starting from 17:00 with the registration of the participants. The conference dinner is foreseen on Tuesday evening. On Wednesday afternoon a visit to the FRM II is offered after registration. The registration will be done via the internet pages of the FRM II starting from April 2008. The deadline for submission of a contribution will be 15. June 2008. The conference fee will be 100 Euro. Undergraduate students might apply for a reduction.
