

## Transport: Airport-Villa Lanna and train station Praha hlavní nádraží (Main Station)-Villa Lanna

### City transport:

- **Airport-Villa Lanna: Take bus No. 119** to the end stop, where is the terminal of the underground – Metro-Line A (*Dejvická station*) (see attached figure), Villa Lanna is in walking distance (10 min.). Also it is possible to take Metro Line A, one stop to *Hradčanská station* and from this point the distance to Villa Lana is slightly shorter (see attached figure, where both stations are displayed). For the bus you should use a ticket for 20 CZK (about 0.7 €) which is also valid (the same ticket) for the underground (if you use it) up to one hour journey. The ticket can be bought at the tobacconist or a news-stand. If you buy it at the driver, it is slightly more expensive.
- **Train station Praha hlavní nádraží (Main Station) -Villa Lanna:** Use the underground – Metro-Line C (*Hlavní nádraží station*) for one stop, change at the station *Museum* for Line A (direction *Dejvická station*) and go to *Hradčanská station* or *Dejvická station*.

If you take a taxi at the airport, the prize is about 500 CZK (about 18 €). Ask always the driver for receipt. The distance is about 6 km.

### Recommendation:

Be careful on your personal things, namely, in the means of the city transport where sometimes pickpockets operate.

If you want to go to the Down Town, of course, take the underground – Metro-Line A and there are two possible stops: *Staroměstská station* (close to the Old Town Square), or *Můstek station* (the bottom of the Wenceslas Square)

### Comment:

In very special cases we can help in the transportation from the airport.
