## European Neutron Scattering Association

### The 2003 Walter Halg Prize of the European Neutron Scattering Association

#### The Walter Halg Prize

The prize was made available to the European Neutron Scattering Association (ENSA) by a donation from Professor Walter Halg who is the founder of neutron scattering in Switzerland. The Prize is awarded biennially to a European scientist for outstanding, coherent work in neutron scattering with long-term impact on scientific and/or technical neutron scattering applications. The previous Prize winners were F. Mezei (1999) and J. Brown (2001). The third award of the Prize (10'000 CHF) is to be made at a special ceremony and session at the 3<sup>rd</sup> European Conference on Neutron Scattering (ECNS 2003), 3-6 September 2003, Montpellier, France. The detailed guide-lines of the Walter Halg Prize are listed on the ENSA web pages (<http://ensa.web.psi.ch>).

#### Selection Committee

Nominations for the prize will be considered by a Selection Committee which consists of authorities representing the major scientific disciplines. It includes acknowledged experts both in neutron scattering and from outside the neutron scattering community. Membership in the Selection Committee is obtained by invitation extended by the ENSA Committee.

#### Call for Nominations

Nominations for the 2003 Walter Halg Prize of the European Neutron Scattering Association (ENSA) may be submitted by European scientists as individuals or on behalf of a Division, Section or Group. To establish a high standard it is necessary that the Committee receive proposals which represent the breadth and strength of European neutron scattering. Nominations should include the motivation for the award, a brief curriculum vitae of the nominee and a short list of major publications. Letters of support from authorities in the field which outline the importance of the work would also be helpful. Nominations for the Prize will be treated in confidence and although they will be acknowledged there will be no further communication.

#### Deadline

Nominations should be sent before **15 June 2003** to the Chairman of the Selection Committee, preferably by electronic mail in pdf format:

Professor Fabrizio Barocchi, ENSA Chairman  
Universita di Firenze, Dipartimento di Fisica  
Via G. Sansone 1, I-50019 Sesto Fiorentino, Firenze, Italy
